WEEK 1:

Flag Football
Fun Fitness

WEEK 2:

Basketball
Fun Fitness

WEEK 3:

Soccer
Fun Fitness

WEEK 4:

Volleyball
Fun Fitness

The Value of Summer Camp Experiences During COVID-19

Health and exercise

Children need activity and enrichment, and that's hard to come by during the COVID-19 pandemic. With summer camp experiences available, children can have access to benefits like:

Staying at home more in light of the COVID-19 pandemic means children may not get as much exercise as they need. Your kids get plenty of room to exercise and play.

Socialization

For the past year, kids have been cooped up indoors. Nothing beats in-person interactions and socializing. Give your kids the opportunity to interact with their peers and make new friends at summer camp.

Learning opportunities

Whether they learn a new sport or learn something about their own skills and abilities, your children are sure to come home from summer camp experiences with new knowledge!

At CCS, health and safety are our top priorities. Our safety plan includes:

Following California guidelines for sport activity during the pandemic.

Temperature checks for campers with contact-free thermometers.

Masks for staff, unless it creates unsafe conditions for them to operate equipment or lead tasks.

Suggesting older campers wear masks if they are able.

Encouraging social distancing of 6 feet.

Encouraging frequent hand washing.

Sanitizing frequently touched surfaces.

Training staff on health and safety protocols.

Register by June 30th. Please return completed form & check to the school office.

COVID - RISK OF EXPOSURE

As with the transmission of any communicable disease like a cold or the flu, you may be exposed to COVID-19, also known as "Coronavirus," at any time or in any place. Be assured that we will always follow state and federal regulations and recommended universal personal protection and disinfection protocols to limit transmission of all diseases in our school and continue to do so.

Despite our careful attention to sterilization, disinfection, and use of personal barriers, there is still a chance that your child could be exposed to an illness on our campus, just as you might be at your local gym, grocery store, or favorite restaurant. "Social Distancing" nationwide has reduced the transmission of the Coronavirus. Although we have taken measures to provide social distancing on our campus, there is always a risk to be exposed to any communicable disease.

Parents, please initial as your acknowledgment that you accept the risk of exposure (although unlikely) to your child. _____

RELEASE OF LIABILITY

In Consideration for participating in the Athletic Camp, I agree to indemnify and hold Coastline Christian Schools and all persons involved in this school harmless from any liability for any loss or injury that may be suffered by the above individual arising out of or in any way connected with their participation in Athletic Camp.
